TO: All Barbecue Artists and fans

From : George Foley, Carolina Sunshine Competition Barbeque Team

RE: BBQ Team Carolina Sunshine's invitation to you !

Date: August 9, 2011

HELP !? We are working on a project to celebrate the Art of barbeque ... and it is already growing!!!

This is being sent to you with the hope that You will participate but also that you will provide this invitation to another favorite BBQ joint in your town or Area who may not get this invitation. There is room for everyone and the exposure for the world of barbeque and it's artists should be awesome.

Conceptually this project will be in print and we will portray the pits and their masters by state/location. Therefore it is very important that you act on this as soon as possible so you are included for your state!! We want to start production by summer and will start with the best represented state!

We are not necessarily looking for "sit-down" restaurants. These restaurants and chains already get their share of attention so we may exclude such places from the project. We're looking for a slice of America that is found on the side of the road; out of the way places, locally famous BBQ heroes, caterers, the "joints" that sell out in the middle of the day, with benches but no tables or few tables, concrete and dirt floors, the smoker and picnic tables under the tree in the church parking lot...that sort of thing. And you caterers and competition teams....why not! We'll give you a look, too! We may take particular interest in some participants and come for a visit ! This will be a FUN project and labor of love...

We are looking for the home-built smokers and paper plates and paper towels...the local flavor of barbeque. Portable pits or permanent, big or small., "purdy" or butt ugly! Logos, signs, color ... we're looking at it all !
